INTRODUCTION

The mission of the Illinois Department of Transportation is to provide safe, cost-effective transportation in ways that enhance quality of life, promote economic prosperity, and demonstrate respect for our environment. This report presents the accomplishment of projects included in the [State Fiscal Year 2021 Proposed Improvements for Illinois Highways](#) that achieve this mission.

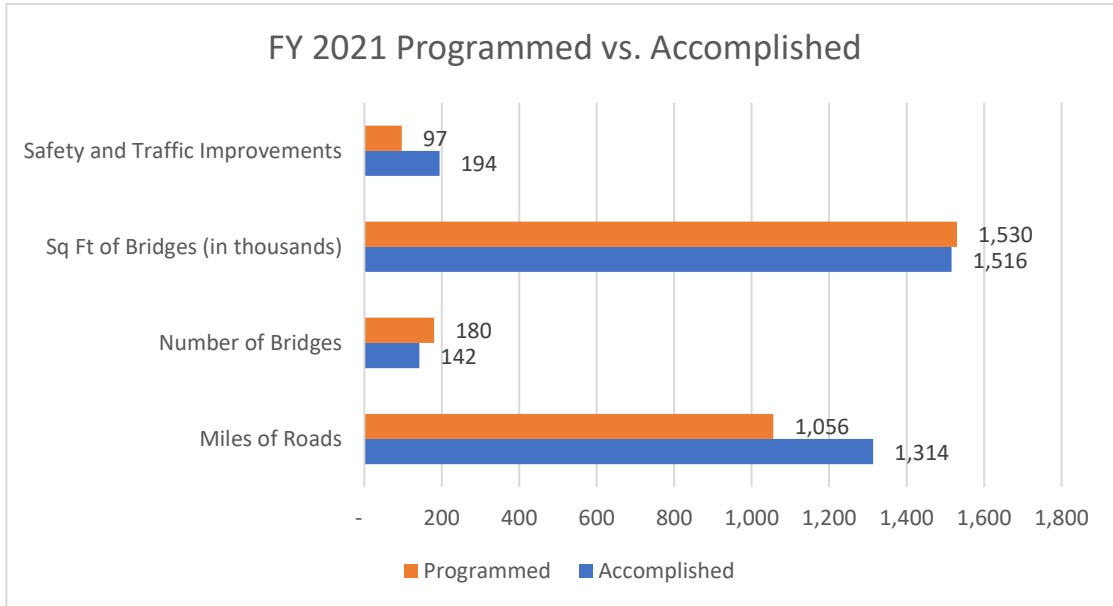

This report, For the Record, is an annual report of the awards and obligations of programmed projects in the FY 2021 Proposed Improvements for Illinois Highways, which is also referred to as the Annual Highway Improvement Program. For the Record meets the requirement for an annual report required by Illinois Statute 20ILCS 2705/2705-200(c) for FY 2021.

With the implementation of the Rebuild Illinois capital program on July 1, 2019, the program continues to be significantly larger than the Annual Highway Improvement Program in previous fiscal years. This historic increase allowed the department to move forward toward meeting the [Transportation Asset Management Plan \(TAMP\)](#) goals and fixing our state's crumbling infrastructure. The table below displays the total accomplishments for the past two fiscal years of the Rebuild Illinois capital program.

2 Year Rebuild Illinois Totals - FY 2020 & FY 2021	
Total Investment	\$5.224B
State System	\$3.878B
Local System	\$1.346B

Local Safety Improvements	144

The FY 2021 Annual Highway Improvement Program shows the projects IDOT planned to implement during state fiscal year 2021 from July 1, 2020, to June 30, 2021. The FY 2021 Annual Highway Improvement Program totaled \$3.460 billion, including \$2.194 billion for improvements on the state system and \$1.266 billion for improvements on local highways. As circumstances arose throughout the fiscal year, modifications were made to the program. After these modifications were made, the FY 2021 adjusted annual Highway Improvement program totaled \$3.705 billion - \$2.411 billion of which was awarded during the fiscal year.

A total of 1,056 miles of roads, 1,530,903 square feet of deck area (180 bridges) and 97 safety and traffic improvements were scheduled to be accomplished in the FY 2021 Annual Highway Improvement Program. In FY 2021, IDOT accomplished 1,314 miles of roads, 1,515,564 square feet of deck area (142 bridges) and 194 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the number of projects awarded and their total cost during FY 2021.

The following notable projects were awarded during FY 2021:

- **I-80 in Will County (District 1)** - This project includes improvements to the bridges carrying eastbound and westbound I-80 over Richards Street, eastbound I-80 over Wisconsin-Central Railroad/Rowell Avenue, and eastbound I-80 over Hickory Creek as well as the reconstruction of the I-80 pavement between Garner Street and Rowell Avenue. Also included is the installation of a closed median drainage system and barrier wall to accommodate the future additional lanes as well as replacement and upgrading of lighting and signing. This project is advance work for the overall I-80 corridor improvements which are intended to address the aging infrastructure, enhance safety, and accommodate future capacity needs. The project was awarded at approximately \$41.6 million.
- **I-280 over the Mississippi River in Rock Island County (District 2)** - This project includes the rehabilitation of the existing structure and replacement of the bridge deck carrying I-280 over the Mississippi River and resurfacing along I-280 from the Mississippi River bridge to east of the IL 92 interchange. The project was awarded at approximately \$49.7 million.
- **I-57 in Kankakee County (District 3)** - This project consists of milling and resurfacing 8.4 miles and structure repairs from 0.7 miles north of the Iroquois County Line to 0.8 miles north of the Kankakee River Bridge. The project was awarded at approximately \$20.1 million.
- **US 67 in Warren County (District 4)** - This project consists of 4.5 miles of widening and resurfacing on US Route 67 from IL 135/Alexis Rd to 270th Ave/CH 3 in Warren County. The project was awarded at approximately \$11.8 million.
- **Interchange Reconstruction of I-57 and I-74 in Champaign County (District 5)** - The proposed project consists of the reconstruction of the I-57 & I-74 interchange and replacement of the existing, full cloverleaf interchange with a semi-directional interchange composed of two directional flyovers, two loop ramps, and two outer ramps. This project includes: construction of six new ramps on new alignments, construction of six new bridges, including two flyover structures, construction of five new inventoried culverts and numerous non-inventoried culverts. The project was awarded at approximately \$125.8 million.
- **I-72 in Pike County (District 6)** - This project consists of 5.4 miles of HMA resurfacing, shoulder reconstruction, pipe underdrain replacement, and bridge repair on I-72 from east of the US 54/IL 107 interchange to 0.6 miles east of the 290th Avenue overhead in Pike County. The project was awarded at approximately \$12.6 million.
- **I-72 Rubblization in Macon County (District 7)** - This project consists of 4.0 miles of rubblization of existing pavement and resurfacing on I-72 from 4.4 miles west to 0.3 miles west of the Piatt County line in Macon County. The project was awarded at approximately \$27.7 million.
- **I-55/64 Eastbound Poplar St Collector-Distributor Bridge project in St. Clair County (District 8)** - This project includes replacement of two structure decks and repairs on four other structures. The I-55/64 corridor is the most highly congested highway in the Metro East and serves both commuters and freight traffic accessing downtown St. Louis and beyond. The project was awarded at approximately \$29.8 million.

- **I-24 in Massac County (District 9)** – This project includes resurfacing from the Johnson County Line to the Ohio River Bridge in Metropolis. In addition to the resurfacing, the existing micro silica concrete bridge deck overlays are being replaced to preserve the bridge decks. The project was awarded at approximately \$23.5 million.

This report is divided into three sections: Part I for the state system, Part II for the local system and Part III for the local benefits. Also included are two exhibits. Exhibit A displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2021 on the state highway system. Maps are at the end of each section for the highway districts and display the project locations. Exhibit B displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2021 on the local highway system.

PART I:

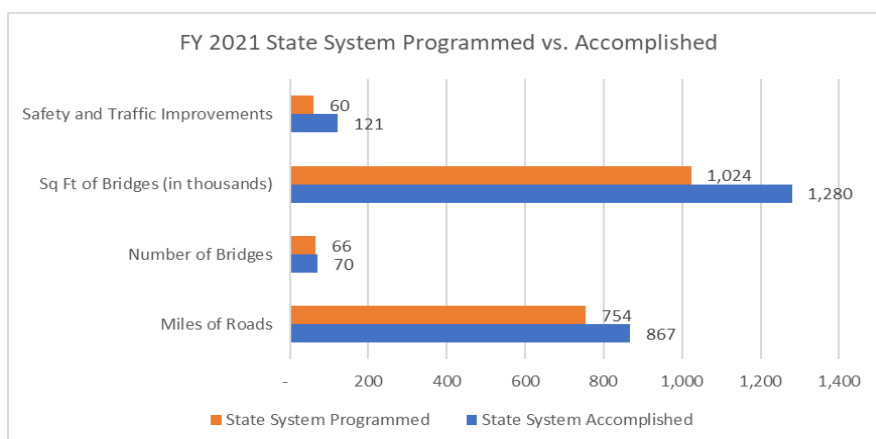

FOR THE RECORD – 2021

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS

ON THE STATE SYSTEM

STATE SYSTEM

The FY 2021 Annual Highway Improvement Program totaled \$3.460 billion, including \$2.194 billion for improvements on the state system. This investment allowed for 754 miles of roadway to be improved or added to the existing highway system, along with 1,023,639 square feet of deck area improvements (66 bridges) and 60 safety and traffic improvements. The actual accomplishments for FY 2021 are 867 miles of roadway improvements, 1,280,299 square feet of deck area improvements (70 bridges) and 121 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the FY 2021 Annual Highway Improvement Program and awards summary for the state program. The adjusted program total for FY 2021 is \$2.463 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Improvements awarded on the state highway system using federal, state, and local funds during FY 2021 were \$1.729 billion for an accomplishment rate of 70.2% in dollars and an accomplishment rate of 89.6% for the number of projects.

The state program awards are listed in Exhibit A. Additions to the program are noted with an "ADD," carryovers are noted with a "C/O".

GUIDE TO THE LISTINGS

For each project accomplished, the following information is provided:

- Route/City- the marked route designation and/or street name and identifies the city. For those improvements on unmarked state routes and local system routes, the system designation and route number are provided. Some funds have been awarded for improvements at various locations. In these cases, "Various" is noted in the route designation. Also shown is the identification number for each project (0-XXXXX-XXXX), which corresponds to the number in the program.
- County - the county or counties where the improvement is located.
- Description - this item includes both a description of the location of the project and the type of improvement.
- Award Date - for awards this is the date the program item was awarded. For obligations, this is the date the obligation was approved.
- TAMP Category – identifies the Transportation Asset Management Plan (TAMP) category that the projects fall within.
- Award Cost - total of awards or obligations charged to the program item.
- The first digit of each page number indicates the district in which a project is located. For example, all projects shown on page 6 – 4 are located in District 6.

LOCAL SYSTEM

The FY 2021 Annual Highway Improvement Program included all improvements on local streets and highways utilizing federal funds. The local program provided \$1.266 billion for improvements, which included 303 miles to be improved or added to the existing system, along with 507,264 square feet of deck area improvements (114 bridges) and 37 safety and traffic improvements. The actual accomplishments for FY 2021 were 447 miles of roadway improvements, 235,265 square feet of deck area improvements (72 bridges) and 73 safety and traffic improvements. These figures are illustrated in the chart below.

In addition to the FY 2021 Annual Highway Improvement Program, IDOT provided \$75.1 million of state funds specifically to assist local governments. This is discussed in more details in Part III. In FY 2021, \$857.2 million of state motor fuel tax funds were directly distributed to municipalities, counties and townships for administration and repair of local roads and bridges. This distribution is in addition to the state's \$3.460 billion FY 2021 Annual Highway Improvement Program.

The following tables display the FY 2021 Annual Highway Improvement Program and awards summary for the local program. The adjusted program total for FY 2021 is \$1.242 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Re-appropriations and other special appropriations were used to fund the increase to the program. During FY 2021, awarded projects for the local system were \$682.1 million.

PART III:
SUMMARY OF LOCAL BENEFITS
FROM STATE ASSISTANCE

SUMMARY OF LOCAL BENEFITS FROM STATE ASSISTANCE

This section presents a review of the programs that provide local units of government with assistance in financing their road and street improvement programs.

Two categories of state assistance are covered: Direct State Assistance and Special State Assistance programs.

The categories of assistance are briefly described with an accounting of the allocation of funds to the local units, as prescribed by the enacting legislation for each program. Additional distribution information is available on the [MFT Yearly Distribution](#) webpage.

Direct State Assistance

The Local Motor Fuel Tax (MFT) allotments are distributed to local governments based on the formula prescribed in MFT Law (35 ILCS 505) and fluctuate based on the revenue collected from the Motor Fuel Tax. The Local MFT allotments slightly decreased from FY 2020 to FY 2021. In FY 2020 the allocation was \$860.1 million and in FY 2021 the allocation was \$857.2 million.

Special State Assistance Programs

Township Bridge – In accordance with the Illinois Highway Code (605 ILCS 5/6-901), in FY 2021, \$15 million was allocated for townships/road districts to construct bridges.

The following three programs provide additional funding to local governments through the passage of Illinois FIRST in FY 1999, Public Act 91-20.

Consolidated County Assistance -- Every county, excluding Cook County, shared in \$36.6 million of additional state assistance under this program in FY 2021. The funding is treated as supplemental MFT allotments and can be used by counties for any permissible MFT use.

Needy Townships – This program provides assistance to townships/road districts that do not generate enough revenue locally to maintain their roadways. The funding is treated as supplement MFT allotments and can be used by townships for any permissible MFT use. In FY 2021, 811 township/road district units shared \$16.8 million in additional state assistance from this program.

High Growth Cities – This program supports municipalities who have experienced above-normal population growth. In FY 2021, 149 cities received a share of the \$6.7 million distribution of additional state assistance provided by this program. The funding is treated as supplemental MFT allotments and can be used by municipalities for any permissible MFT use.
