INTRODUCTION

The mission of the Illinois Department of Transportation is to provide safe, cost-effective transportation in ways that enhance quality of life, promote economic prosperity, and demonstrate respect for our environment. This report presents the accomplishment of projects included in the [State Fiscal Year 2023 Proposed Improvements for Illinois Highways](#) that achieve this mission.

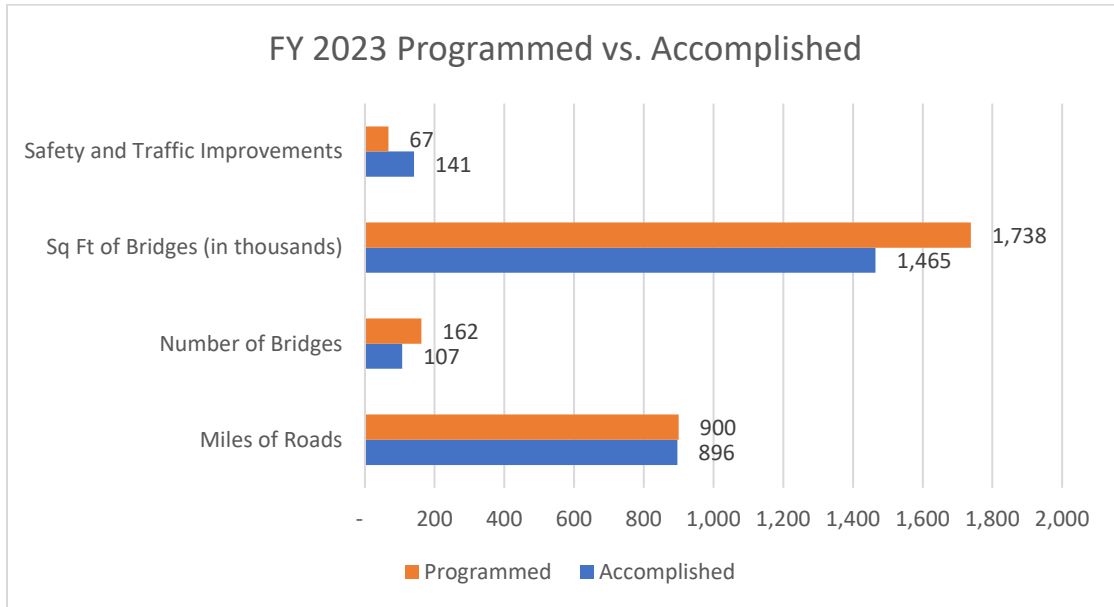

This report, For the Record, is an annual report of the awards and obligations of programmed projects in the FY 2023 Proposed Improvements for Illinois Highways, which is also referred to as the Annual Highway Improvement Program. For the Record meets the requirement for an annual report required by Illinois Statute 20ILCS 2705/2705-200(c) for FY 2023.

With the implementation of the Rebuild Illinois capital program on July 1, 2019, the program continues to be significantly larger than the Annual Highway Improvement Program in previous fiscal years. This historic increase allowed the department to move forward toward meeting the [Transportation Asset Management Plan \(TAMP\)](#) goals and fixing our state's crumbling infrastructure. The table below displays the total accomplishments for the past three fiscal years of the Rebuild Illinois capital program. For real time data on Rebuild Illinois Accomplishments, visit [our dashboard](#).

The FY 2023 Annual Highway Improvement Program shows the projects IDOT planned to implement during state fiscal year 2023 from July 1, 2022, to June 30, 2023. The FY 2023 Annual Highway Improvement Program totaled \$3.962 billion, including \$2.765 billion for improvements on the state system and \$1.197 billion for improvements on local highways. As circumstances arose throughout the fiscal year, modifications were made to the program. After these modifications were made, the FY 2023 adjusted annual Highway Improvement program totaled \$4.202 billion - \$3.486 billion of which was awarded during the fiscal year.

A total of 900 miles of roads, 1,738,177 square feet of deck area (162 bridges) and 67 safety and traffic improvements were scheduled to be accomplished in the FY 2023 Annual Highway Improvement Program. In FY 2023, IDOT accomplished 896 miles of roads, 1,464,699 square feet of deck area (107 bridges) and 141 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the number of projects awarded and their total cost during FY 2023.

This report is divided into three sections: Part I for the state system, Part II for the local system and Part III for the local benefits. Also included are two exhibits. Exhibit A displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2023 on the state highway system. Maps are at the end of each section for the highway districts and display the project locations. Exhibit B displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2023 on the local highway system.

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS

ON THE STATE SYSTEM

STATE SYSTEM

The FY 2023 Annual Highway Improvement Program totaled \$3.962 billion, including \$2.765 billion for improvements on the state system. This investment allowed for 580 miles of roadway to be improved or added to the existing highway system, along with 1,280,136 square feet of deck area improvements (71 bridges) and 41 safety and traffic improvements. The actual accomplishments for FY 2023 are 551 miles of roadway improvements, 1,284,759 square feet of deck area improvements (61 bridges) and 88 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the FY 2023 Annual Highway Improvement Program and awards summary for the state program. The adjusted program total for FY 2023 is \$3.067 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Improvements awarded on the state highway system using federal, state, and local funds during FY 2023 were \$2.743 billion for an accomplishment rate of 89.4% in dollars and an accomplishment rate of 86.4% for the number of projects.

PART II:

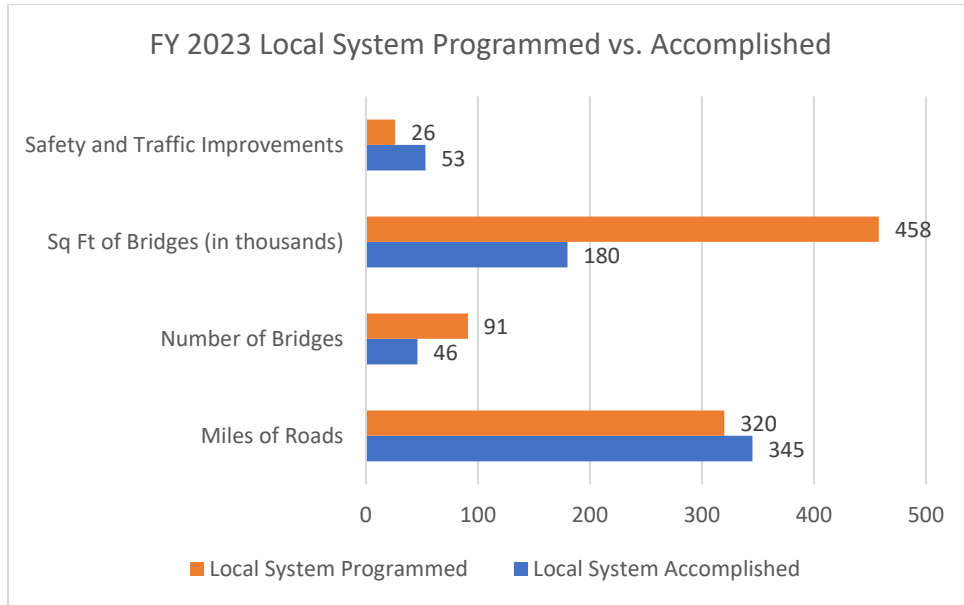

FOR THE RECORD – 2023

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS

ON THE LOCAL SYSTEM

LOCAL SYSTEM

The FY 2023 Annual Highway Improvement Program included all improvements on local streets and highways utilizing federal funds. The local program provided \$1.197 billion for improvements, which included 320 miles to be improved or added to the existing system, along with 458,041 square feet of deck area improvements (91 bridges) and 26 safety and traffic improvements. The actual accomplishments for FY 2023 were 345 miles of roadway improvements, 179,940 square feet of deck area improvements (46 bridges) and 53 safety and traffic improvements. These figures are illustrated in the chart below.

In addition to the FY 2023 Annual Highway Improvement Program, IDOT provided \$75.1 million of state funds specifically to assist local governments. This is discussed in more details in Part III. In FY 2023, \$940.3 million of state motor fuel tax funds were directly distributed to municipalities, counties and townships for administration and repair of local roads and bridges. This distribution is in addition to the state's \$3.962 billion FY 2023 Annual Highway Improvement Program.

The following tables display the FY 2023 Annual Highway Improvement Program and awards summary for the local program. The adjusted program total for FY 2023 is \$1.135 billion. The program is adjusted because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. Re-appropriations and other special appropriations were also used to fund the program. During FY 2023, awarded projects for the local system were \$742.4 million.

PART III:
SUMMARY OF LOCAL BENEFITS
FROM STATE ASSISTANCE

SUMMARY OF LOCAL BENEFITS FROM STATE ASSISTANCE

This section presents a review of the programs that provide local units of government with assistance in financing their road and street improvement programs.

Two categories of state assistance are covered: Direct State Assistance and Special State Assistance programs.

The categories of assistance are briefly described with an accounting of the allocation of funds to the local units, as prescribed by the enacting legislation for each program. Additional distribution information is available on the [MFT Yearly Distribution](#) webpage.

Direct State Assistance

The Local Motor Fuel Tax (MFT) allotments are distributed to local governments based on the formula prescribed in MFT Law (35 ILCS 505) and fluctuate based on the revenue collected from the Motor Fuel Tax. The Local MFT allotments increased from FY 2022 to FY 2023. In FY 2022 the allocation was \$912.5 million and in FY 2023 the allocation was \$940.3 million.

Special State Assistance Programs

Township Bridge – In accordance with the Illinois Highway Code (605 ILCS 5/6-901), in FY 2023, \$15 million was allocated for townships/road districts to construct bridges.

The following three programs provide additional funding to local governments through the passage of Illinois FIRST in FY 1999, Public Act 91-20.

Consolidated County Assistance -- Every county, excluding Cook County, shared in \$36.6 million of additional state assistance under this program in FY 2023. The funding is treated as supplemental MFT allotments and can be used by counties for any permissible MFT use.

Needy Townships – This program provides assistance to townships/road districts that do not generate enough revenue locally to maintain their roadways. The funding is treated as supplement MFT allotments and can be used by townships for any permissible MFT use. In FY 2023, 770 township/road district units shared \$16.8 million in additional state assistance from this program.

High Growth Cities – This program supports municipalities who have experienced above-normal population growth. In FY 2023, 152 cities received a share of the \$6.7 million distribution of additional state assistance provided by this program. The funding is treated as supplemental MFT allotments and can be used by municipalities for any permissible MFT use.
